

PRODUCT INFORMATION

ToolGrind HSS-X 1400

Description	ToolGrind HSS-X 1400 is a high-performance grinding fluid for the manufacturing of tools made of all steel materials.			
Applications	Flute grinding, profile grinding, outside and inside diameter grinding.			
Material	All steel materials like HSS, PM and medical steels. For other ma- terials please contact our technical department.			
	PRODUCT FEATURES			
	 Significant reduction of surface burning/oxidation 	• Less bu	Less burr development	
	Physiologically safe	Low foaming		
	 Good air release properties 	Excellent surface finish		
	 Increased productivity 	 Low evaporation and low misting 		
	 Excellent flushing and cooling properties 	 Excellent filter ability 		
	Outstanding machine cleanliness	Dutstanding machine cleanliness • Pleasant odour		
		data	testing method	
Technical facts	Density at +15 °C [g/cm ³]	0,86	ASTM D 7042	
	Kin. viscosity at +40 °C [mm ² /s]	14,0	ASTM D 7042	
	Flash point (°C)	>150	DIN EN ISO 2592	
	Corrosive effect on copper	1a	EN ISO 2160	
Safety and environmental aspects	For further instructions regarding classification, disposal etc., please see our safety data sheet according to 1907/2006/EG, Article 31.			
Remark	All information is based on the present state of our knowledge. However, it does not guarantee characteristics of products and does not justify a contractual legal relationship. We reserve the right to changes in terms of technical developments.
